Established 40 years ago in Northern California, we have 280 women who are also part of a global network of 7,000 members across 34 nations.

IWF Northern California is a community of accomplished and diverse women leaders, and part of an expansive global women’s organization.

We are passionate about women’s leadership, inspiring and learning from each other, forming lifelong friendships.

We have built an extraordinary bond through a circle of trust, creating a true community...a sisterhood grounded in shared values and interests.

IWF NorCal is a membership-based organization of leaders representing a broad spectrum of industries and sectors.

Through our Legacy Foundation, we connect and impact our communities and advance women’s leadership by investing in the next generation of women leaders.

We have created a safe place where we come together to share experiences and stories, without judgment and cherish the opportunity to support and learn from each other.

You will meet extraordinary women from all walks of life who have reached the pinnacle of their careers—not only in Northern California, but you will have access to the IWF global community of leaders.
